# Occupation Guide

We charge an aggregate rate for occupation class, therefore provided we can accept the occupation there is no difference between the rate for a class 1 occupation and a class 4 occupation. For those occupations shown as considered please contact underwriting who will be happy to clarify if the duties will be acceptable to us.

However, some occupations can only be accepted with a restriction to the plan termination age and those are detailed in the notes section.

| Occupation | Page |
|------------|------|
| A          | 4    |
| B          | 5    |
| C          | 7    |
