Important facts about your Plan

1

ITS AIMS

- To pay you a regular benefit to replace a loss of earnings if you are unable to work due to illness or injury.
- To offer you a choice of how soon benefit can commence to allow for any period you expect your earnings to continue.
- To provide cover for the duration of the benefit period you have chosen. Unlimited claims can be made over the plan term.
- To offer a Plan that is flexible and may be changed in the future according to circumstances.

2

YOUR COMMITMENT

- You agree to pay a regular monthly premium by direct debit throughout the term of the Plan to your chosen Plan end date.
- To give us all the information we ask for when applying for your Plan and when claiming any benefit. If you do not do this, we may not be able to pay your claim.
- You agree to tell us of any changes to your health, occupation or if you take up any hazardous pastimes, between completing your application form and your Plan starting.
- You must notify us of any claim you wish to make as soon as possible.
- You must notify us of any change in your personal circumstances, for example a change in earnings, employment status, or employer sick pay arrangements at any time during the lifetime of your Plan.
- You should review your level of cover against your earnings regularly to ensure it will continue to meet your needs.

3

RISK FACTORS

- If you stop paying your premiums you will no longer be covered.
- If your earnings have changed then you may be under or over insured.
- It is important that you provide accurate information. Inaccurate information may impact our ability to pay your claim.
- Income protection is currently a tax free benefit. However, taxation may change in future.
- Any benefit we pay to you under this Plan may affect your claim to some means-tested State Benefits.
- This is not a savings Plan. There is no cash value at any time.

Things you need to know

Before you apply for your plan

What is the Holloway Friendly Short Term Income Protection Plan?

This plan pays a regular benefit for one or two years, based on the term you have chosen, if you are unable to carry out your job due to illness or injury.

The plan has flexible features to allow you to ensure the cover is right for you.

Can I take out a Holloway Friendly Short Term Income Protection Plan?

You can if on the start date:

- You have been a UK or EU citizen who has been both resident and registered with a UK GP for a minimum of 12 months
- You are, at the chosen start date, aged between 18-59
- You are working for a minimum of 16 hours per week
- You need to be employed or if self-employed, have a proven trading history of 6 months
- You have a UK bank account
- You pay income tax in the UK
- You have no immediate intention to move abroad.

Will you require medical information?

In order to provide you with cover we will ask you some questions about your lifestyle and health.

How much benefit can I have?

We can provide you with cover ranging from £216 per month to a maximum of £5,000 per month.

How will you decide the benefit amount I can have?

The amount will be based on your earnings

- If you are employed this can be evidenced by your P60, payslips, bonus statements, dividends statements and P11d
- If you are self-employed this is your net profit
- If you are a company director of your own business, and/or a shareholder, this is the income you have taken out of the business.

We will provide you with cover to a maximum of 60% of your earnings up to £100,000. E.g. if your earnings are £40,000 you could receive £24,000 in benefit.

How soon will the benefit be paid?

You can decide when you want your benefits to start. This can be 1, 4, 8, 13 or 26 weeks after you stop work due to illness or injury and is known as the Deferred Period. You should consider your employer's sick pay scheme when choosing your Deferred Period.

The term of the Plan

You can choose any age between 50 and 70 for the plan to end.

Will my premium change?

Your premium is guaranteed. However, premiums increase annually on January 1st. We will tell you each year how much the revised premium will be.

Can I increase my cover?

There are two options:

- You can select the Escalating Benefit option at outset to automatically increase your cover once a year by the rise in the Retail Price Index – the maximum increase is 10%. If you select this option we will also increase the premium, and we will let you know what your new payment will be for the following year. The increase in cover will start from the 1st January following the Plan commencement and each 1st January thereafter.
- The Plan is flexible and you can apply to increase your benefit at any time subject to there being at least 5 years of the plan term remaining. The minimum amount of additional benefit is £50 per week subject to the maximum benefit levels. The increase may be subject to an assessment of your health and earnings at the time the increase is applied for. Your premium payments will increase when your benefit increases.

Once your plan has started

What if my circumstances change?

The Plan is flexible and can be adapted to your changing circumstances. It allows you to increase or reduce premiums and benefit levels or change the Deferred Period, and you should contact your Financial Adviser if you want to make any changes. Reductions in Deferred Periods and increases in benefits will be subject to a further assessment of your health. To ensure you maintain the correct benefit levels and entitlement, you need to inform us of any changes to your circumstances such as:

- Increase or decrease in earnings
- Any changes to employer sick pay arrangements
- Unemployment
- Address and contact details.

What if I stop paying my premiums?

Premiums are due on the 1st of each month. If you stop paying premiums your cover will end. Premiums need to be paid to maintain your cover and entitlement to claim. If you owe more than three months premiums you cease to be a member of the Society. Reinstatement will be considered within 6 months of the first missed payment subject to payment of all arrears and completion of a Declaration of Health which must be accepted before membership can continue.

A change in any of the following: health, residence, overseas travel, hazardous pastimes, occupation, could result in amended terms or refusal by the Society to reinstate membership. We reserve the right to request a medical report at the expense of the member in support of their request to reinstate their membership.

What if I cancel my Plan?

Your Plan will end, there is no cash value.

What happens if I die?

If you die before the Plan end date, your Plan will end, there is no cash value.

Additional features

Career break option

If you take a career break, for example to raise a family, study, travel or redundancy, you can suspend your cover for up to 24 months in total during the life of the plan up to a maximum of 6 months in any 12 month period subject to the premiums not being in arrears.

Premium payments and entitlement to claim will be suspended for the duration of the career break.

Premiums can be suspended for up to 6 months at a time, at which point we will reinstate the direct debit.

You will be eligible to have cover restored to the level it was before the start of your career break without the need for underwriting and you will be able to claim again once you have been back at work for 3 months.

Guaranteed premiums

Your premiums are guaranteed throughout the term of your Plan as set out in your personal illustration. Each year the premiums will rise on 1st January in accordance with your age on the birthday during that calendar year.

Guarantee your income option

This Plan gives you the option to fix your maximum benefit if you can provide acceptable financial evidence within 6 months of taking out the contract.

If you select this option, at claim we will guarantee that the salary/income you were receiving at the time of taking out the Plan will be fixed and we will provide you with at least the benefit you have applied for, less any income you continue to receive.

Medical expenses benefit

If you are claiming benefit under your Plan, you can apply for a lump sum payment to be used towards the cost of a specified medical operation, or treatment that in the opinion of your Doctor, will lead to a faster recovery.

We will decide what, if any, contribution can be made after consultation with our Chief Medical Officer and our appointed Actuary.

Proportionate benefit

If you are receiving a benefit but are unable to return to your pre-incapacity occupation, you may consider retraining for a new role which pays a lower salary. In this instance you can request to be considered for a partial payment of benefit to support you. If agreed the partial payment will be paid for a maximum of 52 weeks.

Rehabilitation benefit

If you are receiving a benefit from us as a result of an illness or injury but could return to your pre-incapacity occupation in a part time or reduced role, you may be eligible to receive an additional benefit to support your transition back to a fulltime occupation. This will be a partial payment of claim benefit from us to assist you and will be paid for a maximum of 52 weeks.

Terminal illness benefit

On the diagnosis of a terminal illness where life expectancy is less than 12 months and with which our Chief Medical Officer agrees, we will:

- Immediately pay a lump sum equivalent to six months plan benefit irrespective of the Deferred Period
- if you are within the Deferred Period the monthly Plan benefit will commence with immediate effect and will cease at the end of the benefit period or upon death
- if you are receiving the Plan benefit the lump sum payment will be paid as an additional amount

Waiver of premium

We will waive premiums during a claim. Premiums paid will be refunded with each benefit payment made.

Making a claim

How to claim

If you need to claim, please tell us as soon as possible. You should complete the claim notification form on our website:

www.holloway.co.uk or call us on **01452 782 754**.

Our website provides you with all the information you need in order to claim.

You are entitled to receive the claim benefit at the end of your chosen Deferred Period if you are unable to work because of illness or injury. You need to ensure that your premiums are up to date.

What does injury or illness mean?

Our definition of injury or illness is *'The total inability to perform all the essential duties of your own occupation and that you are not following any other occupation for profit or reward'*. We refer to this as incapacity.

How we assess your claim?

We will look at the duties of your occupation and your continued ability to do them. If you are unable to do these duties and suffer a loss of income we will consider your claim.

We will require evidence that you are under medical care from a Doctor and that you are following recommended treatments and investigations.

What income will my claim be based on?

If you have not selected the guaranteed income option, the benefit we will pay you will be based on your pre-incapacity earnings, and we will need supporting evidence:

- If you are employed, we will need to see payslips and/or P60
- If you are self-employed, we will need to see an HMRC tax assessment and/or a copy of your most recent accounts
- If you are a director of a limited company, we will need to see printed payslips, a P60 and a copy of the most recent accounts.

If you have selected the guaranteed income option the claim will be based on the evidence provided when you took out the plan.

How long will the claim be paid?

Your benefit will be paid until the first of the following situations occurs:

- You recover and are able to fully return to work
- You no longer suffer a loss of earnings
- The end of your benefit term
- If you die.

When will the claim be paid?

Claims will be paid twice a month after your Deferred Period on the 15th and last working day of the month directly into your bank account.

When will a claim not be paid?

We will not pay benefit:

- During the Deferred Period
- If there is a pre-existing condition which was not disclosed to us prior to the Plan starting or when you made a subsequent amendment to your plan
- If it is due in any way to HIV (Human Immunodeficiency Virus) or AIDs (Acquired Immune Deficiency Syndrome) except when contracted in the course of your normal job
- If the premiums are not paid up to date
- If you did not receive any income prior to your illness or injury, or if there is no loss of income
- If you have become unemployed.

What might reduce my claim benefit?

Any other benefit payments you receive whilst you are off work will not affect the amount of claim benefits from your plan. However, you should check with any other providers of benefits that the payments from Holloway Friendly do not impact these.

What if I travel overseas?

We will pay any valid claim if you are resident or temporarily resident in the following countries – Andorra, Australia, Austria, Belgium, Canada, Cyprus, Denmark, Finland, France, Germany, Gibraltar, Greece, Iceland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Netherlands, New Zealand, Norway, Portugal, Republic of Ireland, San Marino, Spain, Sweden, Switzerland and the USA.

If you are living anywhere else in the world, we will limit the period for which we pay you benefit to 26 weeks in any period of 52 weeks; with a maximum total of 52 weeks during the life of your Plan.

Claiming again after returning to work

There is no limit to the number of claims you can make. If you need to claim again for exactly the same incapacity within 6 months of returning to work then the Deferred Period will not apply.

Other information

Cancellation rights

After your application has been accepted you will receive a notice of your right to cancel. You will have 30 days in which you can change your mind about taking out this Plan.
